Heather Heroldt

Grateful Pillow Box Favor

Uses the Pillow Box Sizzix Die.

Cut out die shape in More Mustard and emboss with Chevron embossing folder. Adhere sticky strip along lengthwise tab, crease all lengthwise folds and seal pillow box along one long edge with the sticky strip already in place. * Fold in end tabs to create "pillow," making sure that notched tab folds in first. Wrap strip of Designer Paper around pillow and secure with glue dot.

Stamp sentiment in Chocolate Chip onto White strip and "flag" one end with square punch. Adhere to box front. Using Chocolate Chip

and More Mustard markers, ink up acorn image and stamp onto White, cut out and pop-dot over end of sentiment.

Coffee Mini Milk Carton Favor

Uses Mini Milk Carton Sizzix die.

Cut out die shape in Naturals Ivory card stock. * While still flat, randomly stamp all over with coffee beans stamps in Close To Cocoa.

Adhere sticky strip along tab*, and crease all perpendicular folds. Fold carton into "tube" and seal long edge with sticky strip already in place. Fold in bottom tabs, sealing last one with glue dot, which is already adhered for you.

Wrap Designer Paper strip around upright carton, adhering with Snail Runner. Tie Kraft ribbon around carton over Designer Paper strip as shown.

Make the diagonal "milk carton" folds at the top of the box, and clip mini clip at one side.

Stamp sentiment onto matching card stock and punch out with tag punch. Layer onto Close To Cocoa tag, and adhere Espresso heart as shown. Adhere near clip at top of carton as shown.

Shower Purse Favor

Uses Petite Purse Sizzix die.

Cut purse shape from Baja Breeze card stock, and a coordinating purse flap shape from Designer Paper. Trim flap shape edge and snip off tab.* Adhere Designer Paper shape over card stock base.

Adhere two pieces of sticky strip along purse tabs, and punch two holes for strap ribbon at the top of the purse "sides."* Crease all folds and assemble purse using sticky strip already in place.

Folding flap back out of the way, tie a knot in one end of your Kiwi Kiss satin ribbon, thread through one hole so that knot goes to the inside, then thread through other hole and tie second knot at the other end, again, inside the purse. Tug knots back up against purse so that strap arches over the purse top.

Go ahead and close the purse by inserting the tab into the slot. You might want to give the flap a bit of curve by running it against the edge of the table.

Stamp flower image onto Kiwi Kiss card stock and punch out.* Pop dot flower over purse closure. Stamp "For You" sentiment in Kiwi Kiss onto

White, and punch out. Pop dot sentiment over flower.
