Supplies used: Dapper Dad, Morning Post Alphabet, Pretty Petites & Beyond Plaid stamp sets; Not Quite Navy, Whisper White, Gumball Green, Summer Starfruit & Crumb Cake CS and inks; 1 ¼" Square, Postage Stamp, Petite Curly Label & 1" Circle punches; Chevron & Perfect Polka Dots embossing folders; Brushed Bronze, Designer Naturals and Corduroy Basic Gray (retired) buttons; Soda Pop Tops; Linen Thread; Crumb Cake taffeta ribbon; self-adhesive Rhinestones.

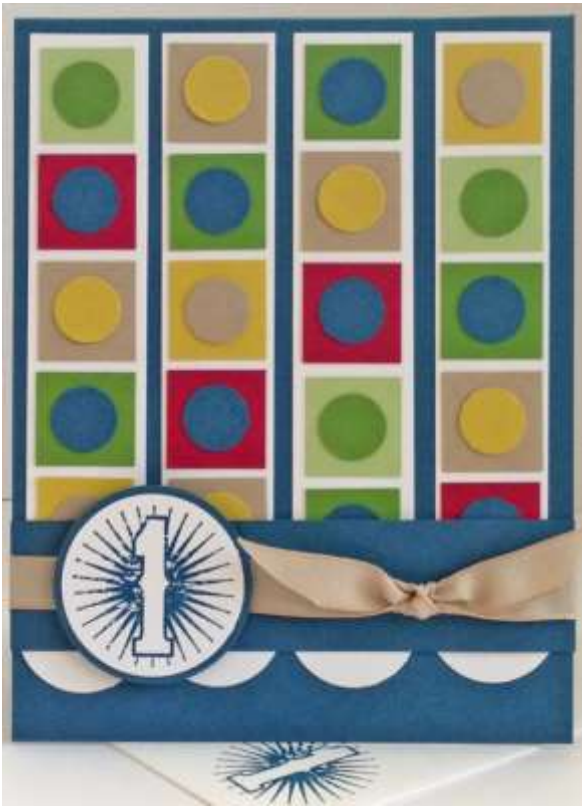

Cut your 8" x 10" background sheet in Not Quite Navy, and notch for our shadow box. The Crumb Cake float panel dimensions are 9 ¼" x 5 ½".

Punch 3 each 1 ¼" Squares in Summer Starfruit, Crumb Cake, Gumball Green & Not Quite Navy. Also punch 1 of each color with Postage Stamp punch. Emboss the Gumball Green & Crumb Cake Postage Stamps with Perfect Polka Dot, and the Not Quite Navy & Summer Starfruit Postage Stamps with Chevron.

For remaining Postage Square punches: stamp each Beyond Plaid stamp in a different color on Whisper White, and punch with Postage Stamp. Then punch one each from DSP choices provided for the rest, from Print Poetry DSP stack, Manchester (retired) & Nautical Expedition (retired).

Stamp letters of choice with Morning Post in NQN onto Whisper White and cut out. Center letters with pop dots onto Crumb Cake float panel. Assemble and arrange punched squares and postage squares as shown, and pop dot into place. Stamp images from Dapper Dad in colors shown onto Whisper White, with two of the watch image in Gumball Green. Cut out and pop dot over squares as shown, reserving second watch. "Smash" soda pop top with Big Shot, punch out watch face with 1" Circle punch, and glue dot to front of soda pop top. I also snipped out a wedge around the watch knob from the first image and glue dotted this so that it sticks out of the side, onto the back of the top. Double glue dot the pop top over the base watch image; the knob wedge will be covered up.

Stamp the Pretty Petite labels in the colors shown, punch, and pop-dot into place. Remember to add the Gray Corduroy brad to the Crumb Cake label before adhering. Add Rhinestones as shown. Decorate buttons with ribbon and thread as shown, and glue dot into place. Double pop-dot float to Not Quite Navy base layer.
