Scallop Oval Easel Egg Card

Chocolate Bunny (retired) & Teeny Tiny Wishes stamp sets; Whisper White, Crumb Cake, Chocolate Chip, Certainly Celery, Pool Party & Daffodil Delight CS; Subtles Collection DSP; Little Leaves Sizzlet; Trio Flowers (retired), Boho Blossoms, Dotted Scallop Ribbon Border, Word Window & Modern Label punches; Ovals Collection framelits; Vintage Wallpaper embossing folder; Daffodil Delight seam binding ribbon; self-adhesive rhinestones; Occasions piercing pack.

Create card base by laying scallop oval over a top-fold edge by 1/8", then cut one extra scallop oval, all from Whisper White. Score top layer of card base at 2 3/4" horizontally across the oval. Glue extra oval BELOW score line only, and crease fold line down, to create the easel effect. Go ahead and paper pierce top layers of card now, if desired. You'll be piercing thru 2 layers on lower portion of card front.

Adhere foil to White CS using runner, and cut out next size down oval.

Cut center out using oval #3, then emboss foiled oval "ring."

Cut Certainly Celery DSP using Oval #5, and adhere flat to card front.

Pop dot foiled oval window over DSP layer.

Stamp Chocolate Bunny and sentiment in Chocolate Chip craft ink onto Crumb Cake CS and clear emboss. Stamp off bunny onto envelope lower right front and set aside to let dry. Cut out bunny and punch sentiment

with Word Window punch. Slip bunny behind foil frame as desired and glue in place. Layer sentiment onto Chocolate Chip Modern Label layer.

Tie ribbon around frame and make a bow. Decorate frame with Little Leaves in Certainly Celery, and flowers from other punches as shown – embellish flowers with rhinestones.

For inside card, layer a strip of Dotted Scallop Ribbon in Daffodil Delight over a 3/4" strip of Pool Party. Glue assembled strip across card as shown and trim ends carefully. Sample shows two rows, you should only have one. Make sure easel stands up to height you want BEFORE gluing down strip! Pop dot sentiment along center of strip to serve as a stop for the card front.

Ears To You Card

Inspired by Linda Callahan

Ears To You stamp; Calypso Coral & Whisper White CS; Sent With Love DSP; Calypso Coral organdy ribbon (retired); Elegant Bouquet embossing folder; Festive piercing pack; Wisteria Wonder, Calypso Coral & Lucky Limeade markers; Labels Collection framelits; Large Scallop edgelit; self-adhesive pearl.

Landscape top-fold card base in Calypso Coral. White layer at 5 1/4" x 4".

Cut 5 1" x 5 1/2" strips of coordinating DSP, and scallop one long edge of each strip, aligning carefully, using edgelit. Use bone folder to add just a bit of curl up to the scallops.

Emboss white layer if desired, and color flower petals in a circular motion with Calypso Coral ink and a water marker, if desired. Glue down scalloped strips as shown, one at a time, aligning scallops. Trim ends when done (that's why the strips were a little long – to give you some wiggle room.) Tie ribbon around scallops as shown, pulling bow to left side.

Using markers, ink up stamp as shown, and stamp on Whisper

White. Cut out with Label framelit. If desired, stamp extra Calypso Coral bunny onto white scrap, and cut out. Pop dot over base stamped image and add pearl at tail. Glue stamped image onto next size up Label in Calypso Coral, pierce that layer all around if desired. Pop dot assembled image over scallops and ribbon, sliding bow to the left as needed to make room. Glue down all onto card base.

Glue DSP strip to envelope flap, and trim.

Tie ribbon piece around lower center flap as shown, and assemble floral embellishment and adhere to upper center, also as shown.
