All Dressed Up Card, inspired by [Rachel Verbrugge](#).

Supplies: All Dressed Up stamp set; Dressed Up Framelits; Regal Rose, Chocolate Chip & Whisper White CS; Sweet Always DSP (retired); Small Oval & Boho Blossoms punches; self-adhesive Pearls.

Standard card base in Regal Rose. Chocolate Chip layer at 3 3/8" x 5 1/2", polka dot embossed Regal Rose layer at 3 1/4" x 5 1/2". Dress layer is 2 1/4" x 5 1/2".

Begin by cutting dress form from smaller piece of Chocolate Chip. (Save the cut out for the next project.) Arrange and adhere DSP and CS pieces on back to create skirt, belt and top. For the top, take a bit out of one edge with the Small Oval punch to create the neckline. Cover remaining gaps at legs and neck with Regal Rose CS. Add dress collar "bite" in Chocolate Chip at shirt neckline as shown. Pop dot dress assembly over embossed Regal Rose piece.

Assemble layers as shown. Punch flower from Regal Rose and adhere, adding self-adhesive Pearl.

Using marker to ink up, stamp sentiment onto Whisper White, and pop dot over dress form stand as shown. Stamp Mother's Day sentiment inside if desired.

Adhere DSP to envelope flap and trim.

Creped Corsage with Gift Card Base

Supplies: Secret Garden & Vintage Verses stamps sets; Chocolate Chip, Regal Rose & Whisper White CS; Dressed Up & Floral Frames framelits; Creped Filter Paper; pin back.

Using second largest flower shape, cut 8 layers of crepe paper at once on Big Shot. Staple all layers together at center, in a "T" shape. Separate all the layers, all the way around, as the edge crimp together from the cutting. Beginning with the top layer, one layer at a time, scrunch the layers towards the center, working your way down to the last layer. The layers will show more separation the more you do. Fluff and separate as you go for a consistent look. If coloring, add a few drops of your color of choice to a mister with a bit of alcohol, and mist til desired color is achieved.

Hot glue finished blossom to 2" Circle in Whisper White, then hot glue a pin back to back of circle.

To make background "gift" card, cut a Chocolate Chip layer at 5 1/2 x 4 1/4", a Regal Rose layer at 5 1/4" x 4" and a Whisper White layer at 5" x 3 3/4".

Begin by randomly stamping the blossom image in Regal Rose on to the White CS layer. Nip in the waist of the reserved dress form cut out from the previous project, and pop-dot to the center of the white layer. Stamp sentiment in Chocolate Chip as desired, and assemble layers as shown. Pin will fit around nipped-in waist of dress form for giving.
