

Heather Heroldt's Sew Purse-onally Card Instructions – 2-17-11

Sew Fabulous Card

Old Olive card base, standard fold. 5 ¼" x 4 " Very Vanilla CS layer, paper pierced all the way around, 5 ½" x 1" strip in Pretty in Pink CS.

Stamp ruler on pink strip close to right edge. Stamp envelope flap now, too while you have it out! Wrap Old Olive ¼" ribbon around left edge, tie twine strand around in bow. After paper piercing the Very Vanilla layer, stamp spools in Close to Cocoa, lining up ruler strip for placement. Color wash with watercolor crayons. Stamp dress form in Chocolate Chip on card, and form again on Pretty in Pink DSP scrap. Stamp sentiment on Very Vanilla strip, trim, and paper pierce underline. Curl strip, and glue dot end to center of dress form waistline. Cut out DSP form body, and pop dot to card, over sentiment strip end. Tie twine in button holes and trim, glue dot to DSP body waistline. Adhere layers to card base.

Sew Thank You Card

Crumb Cake card base, top fold. Stamp stitch lines in various provided colors, lengthwise across card. Tie ribbon around upper quarter of card front. Stamp sentiment and button frame on white scrap in black. Stamp ruler in black on envelope flap.

Punch sentiment with oval punch, layer with larger oval punched from black. Adhere to ribbon. I used snail runner, as this ribbon is so thick already. Cut out button frame and adhere to black layer. Pop dot buttons in place, and adhere to card front. Buttons have been prepared for you using the Sweet Buttons embosslit, but you could also substitute actual buttons in appropriate colors. I paper-pierced the prepared buttons first to add the black twine. You could add some shading with a marker as well.

Sew Birthday Card

Standard card base in Barely Banana CS. DSP bottom layer – 5 1/4" x 4", then barely banana top layer is 3 3/4" x 3 1/8", with a Very Vanilla layer on top of 3 5/8" x 3". Stamp sewing machine randomly over Very Vanilla piece in Poppy Parade, Peach Parfait and Daffodil Delight. Adhere to smaller Barely Banana piece. Wrap ribbon and add center tie with a glue dot. Stamp ruler on envelope flap in Poppy Parade. Stamp sentiment on Very Vanilla scrap with Poppy Parade and punch, layer on a Curly label punch in Poppy Parade. Pop dot to upper corner of sewing machines. Stamp pin cushion in black on Very Vanilla scrap, color in with Poppy Parade marker. Cut out (mind the pins!) and pop dot to lower corner of sewing machines. Adhere DSP layer to card base, pop dot stamped images to center of card.

In Stitches Card

Card Base in Whisper White CS, landscape top fold. Cut DSP pieces to 1 1/2" x 4" and 2 1/2" x 4". Adhere to card front, turning over one piece so there are two patterns showing. Cover left DSP edge with 4" paper trim in Basic Black CS, chosen from the Tasteful Trim Big Shot die. Produce and decorate 5 coordinating buttons with the Sweet Buttons embosslit, pop dot to left side of card in remaining white space. Square top layers are 3 1/4" in Basic Black CS and 3" in Whisper White CS. Stamp Pattern Pieces in Melon Mambo on Whisper White and adhere to black layer. Stamp ruler onto envelope flap in Melon Mambo. Stamp pincushion and sewing machine in black on coordinating DSP scrap, and sentiment on Whisper White scrap. Carefully cut out shapes, and punch sentiment with word window punch. Layer sentiment onto modern label punch in black. Pop dot all to stamped layer as shown, and adhere to card over DSP base layers.
